#22

ADVANCE
TÊXTIL

A cartela do Verão 2022 tem como principal característica o uso de cores atemporais, que podem ser utilizadas tanto no Verão quanto no Inverno.

Os tons terrosos são os queridos da vez, indo desde os amarelos como o tom Yellow Mustard aos tons mais avermelhados como o Cashmere.

Os tons vibrantes como os tons de Flúor retornam já que haverá cada vez mais uma procura por peças que causem impacto nas redes sociais.

Os tons que remetem à natureza como os verdes mais amarelos como o Aspargo, os verdes azulados como o Luxo, e os tons de azul, desde os mais claros como os intensos já fazem parte da tendência dos clássicos e versáteis.

As cores mais adocicadas, esmaecidas, remetem às flores mais românticas que deixam a estação super feminina e jovem!

Nossas principais apostas são:

- A cor Fility, um tom de lilás bem rosado, perfeito para bases mais leves para fazer babados e franzidos.
- A cor Serragem, tom dourado intenso perfeito para tecidos com brilho.
- A cor Luxo, tom de verde água mais azulado perfeito para bases com textura.
- A cor Cashmere, tom de rosa velho intenso que fica perfeito em bases com cibrê.

Esperamos que gostem, e que verifiquem também nossa coleção de estampas feitas com essas cores!

Att,

Equipe de Desenvolvimento de Produto.
